BLANK

FOREWORD

◎ According to Tata Hitachi's continuous effort to imporve the product quality, descriptions in the Parts Catalog may be slightly different from your machine. If any questionable points are found, feel free to contact your nearest Tata Hitachi dealer.

◎ For the engine parts, please refer to the parts catalog of diesel engine issued separately.

1. HOW TO ORDER PARTS

When ordering parts, please specify the following items.

(1) Model/type
(2) Product Identification Number
(3) Part No.
(4) Part Name
(5) Q'ty
(6) Purchaser's Name and Address

2. HOW TO USE THIS PARTS CATALOG

PART NAME : When the part is used as an inner part of an assembly part, the mark "." is shown in front of the part name.

Q'TY. Indicates the number of the part used per machine. The quantity of an inner part is the number of the inner part necessary to organize one assembly part.

SYMBOLS USED IN THIS BOOK:

The symbols shown in the service code and interchangeability columns are used to indicate the following information.

W: Requires additional processing at the job site. Ask your nearest Tata Hitachi dealer.

H: Indicate a precise part. Ask your nearest Tata Hitachi dealer for its repair.

D: Impossible to replace as a single part. Replace the part in an assembly unit.

K: Contained in the service part kit.

R: Indicate that the quantity of the part like shims differs depending on the machine serial No.

S: To be supplied as repair or service parts.

Z: Engine related parts.

OP: Optional parts not equipped on the standard specification model. To be supplied upon receiving a special order.

OS: Over-sized parts

US: Undersized parts

(Part with mark "OS, or US" is described in the next column under the standard size part column.)

#. Indicates newly added parts to the equipment or component.

Y. Interchangeable part without any constraint.

I. Used to indicate the part No. and quantity of the part to be used for the part concerned in the replacement part column. However, the part concerned is not used for the part shown with mark I.

T. Becomes interchangeable when combined.

P. Indicate the part prohibited to use. Use the part shown in the replacement part column.

SERIAL NO. : The serial number corresponds to the last six-digit figure of the PIN (Product Identification Number) on the name-plate.

D: Represents the date of modification. (Example: D03/09: New modification part has been applied to the products manufactured in and after Sept 2003.)

H: Indicates the component manufacturing No.

F: Indicates the front attachment manufacturing No.

REPLACEABLE PART:

Indicates the part No. and quantity per machine or the replacement part.

NOTE: When the part with mark Y, I, or P shown in the interchangeability column is ordered, the part shown in the replacement part column may be automatically supplied instead of the ordered part.

MEMORANDUM

Please ensure the details are furnished for any future correspondence
